**Product Specification**

As excitement continues to build for the arrival of the new ARB Weatherproof Elements 60L Fridge/Freezer, coinciding with the fridge launch is a range of accessories offering consumers a variety of ways to install the new Weatherproof Elements Fridge/Freezer to suit their individual needs. Whether it will be exposed to the harsh outdoor conditions on the back of a pick up or protected by a tough ARB Canopy, ARB has the installation of your Elements Fridge covered.

Similar to the classic range of Fridge Freezer, an array of accessories have been developed to complement the new Elements Weatherproof 60L Fridge/Freezer. Accessories available for the Elements Weatherproof Fridge/Freezer include:

1. Solid mount kit
2. Fridge slide
3. Fridge tie down kit

Whether it is fixing the fridge to a tray/floor for extra security, a fridge slide to enable easier access to the fridge’s content or a tie down kit to keep the fridge secured at all times, there is an Elements Weatherproof 60L fridge/freezer accessory suitable for your needs.
Solid Mount Kit

Simple in design yet highly effective is the new floor mounted bracket system to suit the Elements 60L Fridge/Freezer. Installation is completed in just a few basic steps:

1. The main brackets are mounted to the tray/floor
2. The standard bolts in the fridge side are removed and replaced loosely with the new controlled key bolts to allow the fridge to drop in to place
3. The bolts are then tightened using the supplied security key
4. Installation complete

**Important Note:** Controlled Key tool bit must be used to remove and refit fridge to bracket system.

**Included in each kit:**
- 2 x floor mounted black powder coated brackets
- 4 x Controlled Key bolts with spacers and washers
- 4 x bolts, nuts & washers for floor mounting (longer bolts may be required depending on mounting surface thickness)
Fridge Slide

Adding to the ever popular ARB Fridge Slide family is the new slide specifically designed to suit the Elements 60L Fridge/Freezer. Maintaining all the same features and benefits of the existing range with a wider footprint to accommodate the extra width introduced to the Elements Fridge/Freezer. New fridge feet retainers have also been added to assist in keeping the fridge securely in place.

Dimensions:

External
900mm(L) x 580mm(W) x 80mm(H) 35.43” (L) x 22.83” (W) x 3.14” (H) Sliding Tray
855mm(L) x 500mm(W) x 47mm(H) 33.66” (L) x 19.68” (W) x 1.85” (H)
Maximum Load: 120kg (265.55lb)
Net Weight: 17kg (37.47lb)
Product Specification Cont

Fridge Tie Down Kit

For semi-permanent or temporary securing of the Elements Fridge/Freezer, a new tie down system has been developed. The system incorporates unique replacement fridge handle fasteners to accept the stainless steel strap brackets that also double up as a convenient bottle opener. Lower brackets can be directly mounted to provisions on the Elements Fridge Slide or to any other hard surface. Alternatively, track mount rings can also be utilized. Another handy addition is the power cable retention buckle that keeps cords away from moving parts to avoid damage.
